

Stationary Non-Standby 18-Month Limited Warranty

Your product has been manufactured and inspected with care by experienced craftsmen. If you are the original retail owner, Lennox Industries Inc., hereinafter referred to as Lennox, warrants each product to be free from defects in materials and workmanship for the period indicated below. Repair, replacement, or appropriate adjustment at Lennox' option will be furnished if the product, upon Lennox' inspection, is found to be properly installed, maintained, and operated in accordance with Lennox instruction manuals. If a Lennox dealer who is approved to sell Lennox generator sets performs the installation and startup within 12 months of the date of shipment from the factory, warranty coverage will begin on the startup date. This warranty does not apply to malfunctions caused by damage, unreasonable use, misuse, repair or service by persons other than a Lennox dealer who is approved to sell Lennox generator sets, or normal wear and tear.

During the warranty period, repair or replacement at Lennox' option will be furnished free of charge for parts, provided an inspection to Lennox' satisfaction discloses a defect in material and workmanship, and provided that the part or parts are returned to Lennox, if requested. Some restrictions may apply.

The warranty start date will be reset to the date the unit was installed if a startup notification/ unit registration is received at the factory within 12 months of the factory ship date.
