Vent Warning Sticker

INSTALLATION INSTRUCTIONS FOR VENT WARNING STICKER KIT (605431-01/66W04) TO BE USED ON LENNOX GAS FURNACES

Shipping & Packing List

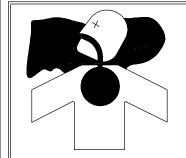

Package 1 of 1 contains:

10 - Vent connection warning stickers

Installation

After vent system has been installed, affix one of the provided vent connection stickers to the plenum near the vent pipe.

Installer: Peel off attached label and install to a visible area of the duct plenum after furnace has been installed.

WARNING

Asphyxiation Hazard.
Can cause serious illness or death.
The exhaust vent for this furnace must be securely connected to the furnace flue collar at all times.

Annual inspection of this furnace and its vent system by a qualified service professional is required for your safety and to fulfill the terms of the limited warranty.
